

Inclusion Support Highlights

- To ensure a successful fit, families will be involved in an intake process to help us learn more about the individual camper.
- Accommodations and supports include:
 - ⇒ A proactive, positive and individualized approach to behavior modification
 - ⇒ Specialized training for all counselors
 - ⇒ A preview tour for individual campers
 - ⇒ Visual schedules, reviewed expectations and self regulation strategies used for all campers
 - ⇒ Specific accommodations can be implemented on a more individualized basis after the intake process
 - ⇒ Additionally, we will be providing Inclusion Specialists at CGC and Quincy locations to offer support to both counselors and campers throughout the day. These specialists will be overseen by a full time Inclusion Coordinator
